

RIVDOM® eBZ 1

Battery-powered setting tool for blind rivets

Very compact design
 + low weight
 + a powerful, newly developed brushless motor
 + the optimised gearing
 + the familiar efficient 20 V -RivdomPLUS Li ion rechargeable battery are
the new key to optimum cordless blind riveting.
 The new housing design is a further step towards perfect ergonomics
 for **comfortable handling** even with the
 most intensive use.

up to
5.0 mm

small + **powerful**
THE new standard tool
 for blind rivets up to 5 mm

1,6 kg

Even more compact without collecting bin – reliable riveting even in confined installation situations

Wear-free.

Sturdy, innovative BLDC motor for maximum service lives.

Rivdom eBZ 1

Tool-free clamping mechanism

Optional: **Integration of scanner systems**

Powerful 20V Li ion battery

Simple control

Effective cooling system

Mandrel collector with larger volume

Family facts on the **HONSEL** battery riveters on ► page 50.
