

# RIVDOM® eVNG 2

Battery-powered setting tool for blind rivet nuts and studs

# Rivdom eVNG 2

**NEW**  
Second  
quarter  
of 2021

Mobile, flexible  
and unrestricted  
processing of  
**BLIND RIVET NUTS**  
up to **M12?**

The reliable, simple and  
modern solution is now  
**Rivdom eVNG 2!**

**Rivdom eVNG 2**  
combines decades of  
experience in the industrial  
setting of blind rivet nuts with  
today's proven technology of  
**HONSEL** battery riveters.

**Rivdom**  
Made by HONSEL.

Optional integrated  
scanner (2021)

Lean housing form –  
only 71 mm wide!

Comfort control

Rivdom eVNG 2

1.5" OLED control display with 5 buttons well known from the RivSmart battery riveter

Rivdom eVNG 2 can store settings for up to 99 different blind rivet nuts and call these up within seconds.

SD card scanner

Various counters, Service and blocking functions

Additional status LED

Extra slim front sleeve - only 25mm

**Force or stroke control!**  
Depending on the fastener to be set and the application, the Rivdom eVNG 2 can be operated with either force or stroke control via the menu of the control display.

Programmable unscrewing speed.

For blind rivet nuts and studs with left and right-hand thread!

Automatic setting of the nosepiece.

Rivdom eVNG 2 has a patented gearbox with two independently operated BLDC motors. This allows the system to be variably switched on and off during the return stroke.

Threaded mandrel with new quick-release mechanism.

Emergency Mode

Quick-start function thanks to multi-function trigger.

RivdomPLUS 20V Li ion rechargeable battery with state-of-charge indicator.

All-hand soft grip - ideal for all hand sizes.

Belt clip or application plate

Proven ergonomics, short trigger stroke, RivdomPLUS charging technology

Also for the setting of blind rivet studs from M4 to M8

Screwing on is performed by pushing the blind rivet nut onto the threaded mandrel or by pressing the trigger with which the speed can also be variably controlled.

Arrange a demonstration visit to your dealer or with our technical sales advisor in the nationwide team. We will impress you with the Rivdom eVNG 2.

# RIVDOM® eVNG 2

Battery-powered setting tool for blind rivet nuts and bolts

**NEW**  
Second  
quarter  
of 2021

Rivdom eVNG 2 gets to grips. **Uncompromising.**

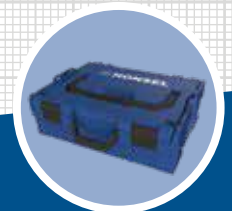

The new **HONSEL** battery riveter now offers the ultimate solution for cordless settings of blind rivets nuts and bolts. Oriented to the demands of industrial series production, Rivdom eVNG 2 offers a wide range of use features and options.

**Innovative. Sturdy and reliable.**

**M3 - M12**

Rivdom eVNG 2

**Innovative motor technology**

**Safe transport in the L-Boxx system**

Family facts on the **HONSEL** battery riveters on ► page 50.
